Public reporting burden for this collection of information is estimated to average 1 hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not collect this information, and you are not required to complete this form, unless it displays a currently valid OMB control number.

The Affirmative Fair Housing Marketing Plan (AFHM) is needed to ensure that Federal agencies are taking necessary steps to eliminate discriminatory practices involving Federally insured and assisted housing. No application for any housing project or subdivision insured or subsidized under the Department's housing programs can be funded without an approved AFHM Plan. The responses are required to obtain or retain a benefit under the Fair Housing Act, Section 808(e)(5) & (6) and 24 CFR Part 200, Subpart M. The form contains no questions of a confidential nature.

Instructions

Send the Completed form to: Your Local HUD Office, Attention: Fair Housing and Equal Opportunity Director/Specialist

The Affirmative Fair Housing Marketing Regulations require that each applicant subject to these regulations carry out an affirmative program to attract prospective buyers or tenants of all minority and non- minority groups in the housing market area regardless of race, color, religion, sex or national origin. These groups include Whites (Non-Hispanic) and members of minority groups: Blacks (Non-Hispanic), American Indians/Alaskan Natives, Hispanics and Asian/Pacific Islanders in the Standard Metropolitan Statistical Areas (SMSA) or housing market area who may be subject to housing discrimination on the basis of race, color, religion, sex or national origin. The applicant shall describe on this form the activities it proposes to carry out during advance marketing, where applicable, and the initial sales or rent-up period. The affirmative program also should ensure that any group(s) of persons normally NOT likely to apply for the housing without special outreach efforts (because of existing neighborhood racial or ethnic patterns, location of housing in the SMSA price or other factors), know about the housing, feel welcome to apply and have the opportunity to buy or rent.

Part 1 - Applicant and Project Identification. The applicant may obtain Census Tract location information, item 1i, from local planning agencies, public libraries and other sources of Census Data. For item 1g, specify approximate starting date of marketing activities to the groups targeted for special outreach and the anticipated date of initial occupancy. Item 1j is to be completed only if the applicant is not to implement the plan on its own.

Part 2 - Type of Affirmative Marketing Plan. Applicants for multifamily and subdivision projects are to submit a Project Plan which describes the marketing program for the particular project or subdivision. Scattered site builders are to submit individual annual plans based on the racial composition of each type of census tract. For example, if a builder plans to construct units in both minority and non-minority census tracts, separate plans shall be submitted for all of the housing proposed for both types.

Part 3 - Direction of Marketing Activity. Considering factors such as price or rental of housing, the racial/ethnic characteristics of the neighborhood in which housing is (or is to be) located, and the population within the housing market area, public transportation routes, etc., indicate which group(s) you believe are least likely to apply without special outreach.

Part 4 - Marketing Program. The applicant shall describe the marketing program to be used to attract all segments of the eligible population, especially those groups designated in the Plan as least likely to apply. The applicant shall state: the type of media to be used, the names of newspapers/call letters of radio or TV stations; the identity of the circulation or audience of the

media identified in the Plan, e.g., White (Non-Hispanic), Black (Non-Hispanic), Hispanic, Asian-American/Pacific Islander, American Indian/ Alaskan Native; and the size or duration of newspaper advertising or length and frequency of broadcast advertising. Community contacts include individuals or organizations that are well known in the project area or the locality and that can influence persons within groups considered least likely to apply. Such contacts may include, but need not be limited to: neighborhood, minority and women's organizations, churches, labor unions, employers, public and private agencies, and individuals who are connected with these organizations and/or are well-known in the community.

Part 5 - Future Marketing Activities. Self-Explanatory.

Part 6 - Experience and Staff Instructions.

- a. Indicate whether the applicant has previous experience in marketing housing to group(s) identified as least likely to apply for the housing.
- b. Describe the instructions and training given to sales/rental staff. This guidance to staff must include information regarding Federal, State and local fair housing laws and this AFHM Plan. Copies of any written materials should be submitted with the Plan, if such materials are available.

Part 7 - Additional Considerations. In this section describe other efforts not mentioned previously which are planned to attract persons in either those groups already identified in the Plan as least likely to apply for the housing or in groups nor previously identified in the Plan. Such efforts may include outreach activities to female-headed households.

Part 8 - The applicant's authorized agent signs and dates the AFHM Plan. By signing the Plan, the applicant assumes full responsibility for its implementation. The Department may at any time monitor the implementation of the Plan and request modification in its format or content, where the Department deems necessary.

Notice of Intent to Begin Marketing. No later than 90 days prior to the initiation of sales or rental marketing activities, the applicant with an approved Affirmative Fair Housing Marketing Plan shall submit notice of intent to begin marketing. The notification is required by the Affirmative Fair Housing Marketing Plan Compliance Regulations (24 CFR Part 108.15). It is submitted either orally or in writing to the FHEO Division of the appropriate HUD Office serving the locality in which the proposed housing is located. OMB approval of the Affirmative Fair Housing Plan vincludes approval of this notification procedure as part of the Plan. The burden hours for such notification are included in the total designated for this Affirmative Fair Housing Marketing Plan form.
